

TO ALL FOOTHILL AREA LITTLE LEAGUE FAMILIES

Swamp Field Backstop and Fence Improvement Project

In order to improve spectator safety during our Little League games, the Board has decided to increase the height of the existing fence along the first and third base lines with 6 ft fencing. We believe this will dramatically reduce the number of close calls on foul balls and overthrows.

Bill Green from **Fence It** has helped us put together a list of the materials needed for the project and has graciously agreed to donate his time and expertise to make sure the project is completed correctly. We estimate the cost of the materials for the project to be \$ 2,000. So far we have received donations of \$ 500 to cover the cost of these materials. We would like to start this project as soon as possible. Because of financial concerns, the Board cannot start the project until we have raised all of the necessary funds. All money raised will be used specifically for this project.

WE ARE ASKING FOR YOUR HELP IN TWO WAYS

First, We are asking for any financial help you can give us. You can send any donations to F.A.L.L. at P.O. Box 114, Palo Cedro, CA 96073. Please indicate " Swamp Field Project " on your check. No donation is too small. If you can donate \$ 5 that would be great. If you can donate more, that would be wonderful. Any amount moves us toward our goal.

Second, If you can help with your time building the fences, please let us know by sending an email to Dale Hoppes at dhoppes996@aol.com. We will be setting up work dates and will be in touch.

If you have any questions about the project feel free to call Dale Hoppes or Bob Kitts, the League President. Dale can be reached at 246-7416 or 515-8194. Bob can be reached at 335-3128.

Your help in making Foothill Area Little League a success is always appreciated...

FROM THE BOARD
